LONDON, May 22.

THey write from Madrid, that the troops to form a camp in Catalonia, are all in motion.

They write from Ratisbon, that the resolution of the 3 colleges of the Empire to refer the business of East-Frizeland to the Aulic council of the Empire, is look'd upon as one of the most important steps taken there for many years; as it is also one of the most convincing proofs that can be given of the great influence of a certain court in the Empire.

London, May 24. The bill for registering or numbering the people is put off in the house of peers for three weeks.

Some private letters from the Hague mention a new triple alliance; and assure us, that the articles of it will be very speedily published.

We hear that the Anti-Gallicans of England intend to move it in the several associations of that venerable body, to add to the general healths, which they drink at their public meetings, *The banished Parliament of* Paris.

Amongst the regulations to be made for the benefit of the inhabitants of Jamaica, the rules of all process there are to be shortened and made less expensive.
